Dear Member

20 November 2019

You are hereby summoned to attend the 474th meeting of **Clevedon Town Council** which will be held in the Council Chamber, 44 Old Street, Clevedon on **Wednesday 27th November 2019 at 7.30pm after the Voluntary Prayers**

Signed Ms P. J. Heath PSLCC
Town Clerk

7.30 Voluntary Prayers.

AGENDA

PUBLIC PARTICIPATION

To enable members of the public to make comment or ask questions for a period not exceeding 20 minutes with no more than 5 minutes per individual, dependent on the number wishing to speak. Also to enable any Councillor declaring a prejudicial interest on items on the agenda to comment or provide information under the Code of Conduct section 12 (2)

1. Mr Andrew Pegg – Managing Director Wessex Investor Ltd

FORMAL BUSINESS

1. To receive and approve apologies for absence
2. To receive declarations of Interest for items on the agenda
3. To receive and ratify the minutes of the Council Meeting held on 25th September 2019
4. To receive and ratify the minutes of the Special Meeting held on 25th September 2019
5. To receive and ratify the minutes of the Special Meeting held on 10th October 2019
6. To receive motion from Cllr D. Shopland

“That , in view of the fact that there is no outside public Town War Memorial in Clevedon embracing those who gave their lives in all past conflicts, this council investigates the possibility of placing an additional plaque on the ‘Railway Stone’, to remedy that situation. Possible wording to be “To commemorate All Clevedonians who have died as the result of War” “

7. To receive motion from Cllr Cherokoff

“That Clevedon Town Council

(i) acknowledges the efforts that this council has made to reduce greenhouse gas emissions and promote renewable energy;

(ii) recognises that councils can play a central role in creating sustainable communities, particularly through the provision of locally generated renewable electricity;

(iii) further recognises

- *that very large financial setup and running costs involved in selling locally generated renewable electricity to local customers result in it being impossible for local renewable electricity generators to do so,*
- *that making these financial costs proportionate to the scale of a renewable electricity supplier’s operation would create significant opportunities for councils to be providers of locally generated renewable electricity directly to local people, businesses and organisations, and*

Councillors are reminded that under standing orders they are required to switch their mobile phones/devices off. The Chairman may approve an exception to this request in special circumstances

Members are reminded that they must declare a prejudicial or personal interest as soon as it becomes apparent in the course of the meeting

- that revenues received by councils that became local renewable electricity providers could be used to help fund local greenhouse gas emissions reduction measures and to help improve local services and facilities

(iv) accordingly resolves to support the Local Electricity Bill, currently supported by a cross-party group of 115 MPs, and which, if made law, would make the setup and running costs of selling renewable electricity to local customers proportionate by establishing a Right to Local Supply; and

(v) further resolves to

- inform the local media of this decision,
- write to local MPs, asking them to support the Bill, and
- write to the organisers of the campaign for the Bill, Power for People, (at 8 Delancey Passage, Camden, London NW1 7NN or info@powerforpeople.org.uk) expressing its support.

8. To receive a motion from Cllr Cherokoff

“That Clevedon Town Council, as part of the Councils work to reduce greenhouse gases and to provide sustainable energy, actively investigates costs and viability of the installing of solar panels on all the Town Council owned building, and also obtain permission from North Somerset Council to include the Station Road toilets and Chalet Toilets in the project.”

9. To receive motion from Cllr T. Morgan

“That this council has a policy that all large monetary grants made to organisations by the Town Council if they exceed £10000 should be conditional on a Council Representative/Observer appointed to that organisation to ensure continuing involvement between both parties. This would be in line with present Town Council representation on existing large grant payments”

10. To receive motion from Cllr T. Morgan

“That This Town Council calls on NSDC to urgently investigate the appalling state of the filthy “wet “changing rooms at Strode Road Leisure Centre. The maintenance issues are of real concern to many users and the lack of regular consultation with the Town Council who were the main financiers of this facility is totally unacceptable!”

11. To receive motion from Cllr T Morgan

Following Bristol City’s Council decision to ban all private diesel vehicles from a large central part of Bristol between the hours of 7am-3.00pm daily from 2021, what assistance will be made to residents of Clevedon and North Somerset who need to access health services at central Bristol hospitals (BRI, Children’s Hospital, Oncology, Eye and Dental) most of which are in or are accessed from this prohibited zone? Traffic will no longer be able to cross the Cumberland Basin nor enter Bristol via the Portway if they are private diesel vehicles! Also, Health professionals who work at these establishments will not be able to get to work if they have a diesel car. What provision will be made for disabled drivers, blue badge holders those needing cancer treatments if their only form of transport is a diesel vehicle? Residents will also experience difficulty reaching Temple Meads Station and the Central Bus station as the routes to these also fall within the zone. Using public transport is not an option for many people and the current service is nowhere near levels found in major cities such as London Manchester etc. This decision will have damaging outcomes for our community. I would ask this council to voice our concerns to Bristol City Council and our local MP.

Councillors are reminded that under standing orders they are required to switch their mobile phones/devices off. The Chairman may approve an exception to this request in special circumstances
